

Banish Bloating And Reduce Digestion Congestion!

**Caricol - Organic Tree Ripened Papaya Puree –
the new holistic approach to digestive wellness**

“At last I have found something natural and delicious that has improved my digestive complaints. I use it daily with my breakfast, or just drink a tube when I feel uncomfortable. It is convenient to take it when I travel without any worries or side effects. Caricol is a great product that has helped me with immediate effect”

Amy Dawson 29 Social Worker – London

“My bloating and constipation has reduced completely! Feeling uncomfortable after meals was a regular problem for me. I had started cutting out almost everything I loved to eat to try and help, which made mealtimes difficult and stressful. I now take Caricol each day, one just before lunch and dinner. This really has worked better than anything I tried previously. Now after a month I have been able to enjoy a more varied diet without getting the usual digestive problems. I like the fact that Caricol does not cause any embarrassing laxative like effects, which can be a real problem. It just regulates my bowel movements to be more frequent and I do not have to worry about it all the time”

Alex 30 Advertising Executive - Essex

Banish Bloating And Reduce Digestion Congestion!

“Patients that would normally have difficulty following a digestive programme have been happy to use Caricol due to the pleasant taste and long lasting effects of the product. In particular children and elderly patients enjoy taking it. Unlike pills or capsules they can incorporate Caricol into their yogurt, with breakfast, or juice and have noticed improved digestion from all of Caricol’s natural healing benefits”

N.Beinart Nutritionist - London

“Finding a product that has given us such wonderful feedback from our customers has been excellent. Digestive complaints are a constant worry for many people and we always want to be able to recommend something simple and effective that can help. The digestive process is so complex and varied from person to person, it is often a real challenge to tackle the issue. It seems like Caricol has been hugely successful at supporting healthy digestion all round”

Paul Chamberlain – Solgar Technical Director

Solgar Caricol costs £14.99 for a box of 20 sachets and can be purchased from all Solgar stockists. For more information on Caricol or digestive wellness, visit your local independent health store for further advice. More studies and testimonials on Caricol can be found at www.caricol.com
