

Independent Shops rule OK!

Hello Its Julie here -

Just wanted to let you know that a group of independent shops and businesses here in Hertford have all got together on one lovely looking new website:

The site <http://www.standrewstreet.com> is the product of six month's research into raising the profile of Hertford's 'quality street'.

The website, professionally designed by Beaver Design, incorporates details of participating businesses, promotional offers and news.

The latter, a rolling blog of up-to-date items, also has links to a St.Andrew Street Facebook site, and a St.Andrew Street Twitter page.

For the first time, there are professionally produced videos of participating businesses, together with an overview and photographs of the street and its long and fascinating history.

So come and have a look <http://www.standrewstreet.com> and have a look at our Natural Health page too - we even have a video on the site of the Hertford shop and therapy rooms.

Let me know what you think!

Thanks for supporting our independent local shops and businesses - it's really appreciated.

See you soon

Julie :-)
